RETIRING CLARK COUNTY  
 SUPERINTENDENT OF SCHOOLS  
 ● Mr. REID. Mr. President, on Friday, May 12, 2000, Nevadans will pause to

honor the outstanding achievements and retirement of Clark County Superintendent of Schools, Dr. Brian Cram. Throughout his 34 years as an educator, Dr. Cram has touched the lives of hundreds of thousands of youth in the Las Vegas Valley as a teacher, assistant principal, principal, assistant superintendent and superintendent, all within the Clark County School District. He is retiring after serving more than eleven years as superintendent. The fact that his tenure has been approximately nine years longer than the average for a superintendent demonstrates his excellence and commitment to our community Southern Nevada.

Dr. Cram can be appreciated most for his outstanding management of the fastest growing school district in the country. During his tenure, the district has grown from 111,000 to more than 215,000 students, and is currently the eighth largest school district in the country. Dr. Cram is a self-proclaimed "poster boy for school bonds," having successfully secured billions of dollars for the construction of more than 100 new schools for the students, teachers and staff of the Clark County School District. He recently was successful in obtaining voter approval of school construction funding for the next ten years, a legacy that will carry on well beyond his tenure. This achievement takes on added significance when one considers that Nevada, as my Senate colleagues have heard me state on numerous occasions, must build approximately one school a month just to keep up with the unprecedented growth in the Silver State.

Although he spent many years in administration, Dr. Cram has always been happiest when working with children. He has never been one to sit behind a desk, preferring instead to be out working with children, families and staff. His tenure as superintendent will be characterized by strong personal relationships with the students, teachers, families and employees of the school district and the entire community.

Above all, Dr. Cram is a true believer in the value of education. He hails from a home which stressed the importance of sound learning and lifelong education, and he has been driven by a fundamental belief that education is the great equalizer and provider in life.

It is my distinct pleasure and honor to join all Nevadans in wishing Dr. Brian Cram all the best upon his retirement. His genuine commitment of the youth of Nevada will be appreciated for many generations to come.●
